

Outstanding Thesis Award Information Form

Outstanding master's thesis awards are made each year at Commencement by the University President. Nominations for the award are made by college committees consisting of faculty representatives from different departments and schools within the college. Nominated theses are reviewed by a subcommittee of the College of Graduate Studies, an official committee of the SJSU Academic Senate, and 1-2 theses are designated for award receipt.

If the student wishes to be considered for this award, he or she should complete this form and give it to the college for inclusion in the nomination packet each college will send forward to the College of Graduate Studies (Administration Building, Room 174, extended zip 0279). Information can be typed or hand written legibly. Please email graduate-studies@sjsu.edu if you have any questions.

First Name, Last Name

Address (Street)

(City), (State) (Zip)

Phone (area code and number. If applicable, list more than one number)

Email

SJSU ID
