

# Summer in Silicon Valley

**A Program by International Gateways  
San José State University Research Foundation**

This one-week program immerses students in the dynamic culture of Silicon Valley at San José State University.

Through engaging lectures, company visits, exciting excursions, and hands-on experiences, young adults will delve into the heartbeat of the world's innovation and technology hub, and gain invaluable insights into what drives the cutting-edge advancements that define this global center of creativity and industry.

## Lecture Topics :

Marwa Abbas <[marwa.abbas@sjsu.edu](mailto:marwa.abbas@sjsu.edu)>
